SECRETARY TAFT WINS.

Majority of Republican Central Committee of Ohio

NAME HIM FOR PRESIDENT

Resolution to This Effect Adopted by Vote of Fifteen to Six, and It Is Also Declared There Is No Intention to Eliminate Foraker and Dick.

Columbus, O., July 31.—Secretary Taft's friends won handsily at the meeting of the state Republican central committee, a resolution being adopted by the committee endorsing Taft for the presidency by a vote of fifteen to six. An amendment proposed by the friends of Taft, and opposed to the friends of Foraker was adopted by a vote of eleven to ten, saying, in effect, that there is no intention to eliminate Senators Foraker and Dick from politics in Ohio. The resolution endorsing Taft was as follows:

"We believe that the great majority of people of Ohio are convinced of the high character, great ability and

WILLIAM H. TAFT.

distinguished services of Secretary Taft, endorse his candidacy for the presidency; and further,

"We declare that the Republicans of Ohio overwhelmingly desire that the name of Hon. William Howard Taft be presented to the nation as Ohio's candidate for president, and that the Republicans of other states are invited to co-operate with the Republicans of Ohio to secure his nomination in 1908."

An amendment to this resolution was offered by a committeeman at once. It is to the effect that it is not the intention to eliminate either Senator Foraker or Senator Dick from politics in Ohio. This was offered by the Taft people, and was bitterly opposed by the Foraker element. The amendment was adopted by a vote of eleven to ten, and the resolution was then adopted with the amendment by a fifteen to six.

A. L. Vorys, who is managing Secretary Taft's campaign, made the following statement relative to the action of the committee:

"The action of the state committee, while not extremely gratifying, is not surprising, for the committee has formally and officially declared what has been so apparent, namely, that the Republicans of Ohio are overwhelmingly for Secretary Taft for President Roosevelt's successor.

"The great importance of the committee's resolution lies in its removing all doubts in the minds of people in other states about Ohio's being for Taft in its demonstration that Taft will have the Ohio delegation in 1908."

FORAKER NOT BOUND.

Says Next State Convention Has Authority to Act.

Cincinnati, July 31.—When United States Senator Foraker learned of the action of the Republican state committee he gave out the following statement Tuesday afternoon:

"I cannot add anything to what I said in my open letter published this morning. I wrote the letter foreseeing the result, and feeling that it was my duty not to give notice beforehand that I would not be bound by any such unauthorized action. The committee had no more right to speak on that subject for the Republicans of Ohio than any other twenty-one Republicans of the state might have had, and the action of the committee will not affect my course in any way. The next state convention will have authority to speak, and by the action of that convention it will be the duty of every good Republican to abide. In the meanwhile I shall have our municipal elections and the benefit of occurring events in the light of all of which we shall no doubt be able to act intelligently and satisfactorily."

Ardmore, July 31.—Ollie Ball, who was fatally wounded Sunday afternoon by her husband, Edgar Ball, who later killed himself, died of her wounds.

Electrocuted at Auburn.

Auburn, N. Y., July 31.—Charles Bonier, eighty years old, was electrocuted here for the murders of Franz and Johanna Frehr at Buffalo.

MALES IN THE MINORITY

Stern Sex at Evanston Are Decreasing at Evanston.

FORTY-TWO LESS OF MEN.

In the Feminine Population of North Shore Suburb of Chicago In a Year There Has Been an Increase of Four Hundred and Seventy.

Chicago, July 31.—Evanston, North Shore city of wealth, pride and culture, is gaining in feminine population, is losing her masculine inhabitants and is confronted with race suicide. This situation was revealed with the completion of the city's annual school census.

The figures showed an increase of 470 in the feminine population, a decrease of forty-two in the number of masculine inhabitants and an increase of only seven in the number under twenty-one years of age.

In the part of the city given over to luxury, which furnishes a total population of about 12,000 in school district No. 75, there were just about the same number of children that there were in the Fifth and Sixth wards, which furnished only 4,000 people. Victor McCulloch, the census taker, who is a Northwestern university student said that even this showing in the wealthy homes was much better than it would have been had it not been that the maids and other servants under twenty-one years of age were included as among "the children."

The total population is 24,324, and the census shows that there are 1,968 more females than males in the town.

YELLOW FEVER STATUS.

Report Shows There Is but Little Danger From Scourge.

New Orleans, July 31.—An encouraging report about yellow fever infection in Central American countries was made by Dr. John N. Thomas, traveling inspector of the marine hospital service, with headquarters here. He found Spanish and British Honduras in such a state of cleanliness as to minimize the danger of yellow infection from those countries. Guatemala, however, where yellow fever was reported early this year, is not satisfactory. Dr. Thomas found officials of the Guatemalan Northern railway making a determined effort to clean the towns along the line and thereby remove the source of recurring infection, and marine hospital quarantine regulations at port towns are so well observed there is probably no danger of the fever spreading outside Guatemala.

UNION COFFINS.

Woodworkers and Carpenters Differ as to What Constitutes One.

Chicago, July 31.—The fight between the Woodworkers and Carpenters' unions here has reached the grave. The state they are now fighting what constitutes a union coffin. The Union Burial association, not being satisfied with the product turned out by the only union casket builder in Chicago, succeeded in unionizing the coffin factory at Lena, Ill., and their products bear the label of a Carpenters' union, while the article turned out at Chicago is stamped with the Woodworkers' mark of approval. "No self respecting member of the Woodworkers' union will ever consent to be buried in a box built by the carpenters," declared Thomas Cooney, secretary of the Woodworkers' union. "We will introduce resolutions at our next regular meeting adopting cremation as a final disposition of our bodies rather than let the carpenters put it over us in the matter of coffin construction."

"OLD HOME WEEK."

Ten Thousand Marchers Inaugurate It at Boston.

Boston, July 31.—Ten thousand men marched through Boston's streets Wednesday in a civic and trades procession, which was part of the "New England Day" celebration of "Old Home Week." The parade of which General Nelson Miles was marshal was an elaborate one.

At night Boston and Cambridge joined in exercises on the occasion of the dedication of \$3,000,000 West Boston bridge, which joins the two cities.

Immense Damage Done.

Chicago, July 31.—The plant of the Chicago, New York and Boston Refrigerator company at Fifty-first street and Central Park avenue was damaged by fire to the extent of \$300,000. The flames which, for a time, threatened to destroy the entire establishment, originated by the bursting of an oil pipe in the steel shop.

Officials Chosen.

Norfolk, Va., July 31.—The Sigma Chi elected Lieutenant Governor Ellison of Virginia consul; Dr. R. A. Smith of Milwaukee, chairman of the credentials committee; W. N. Batty, ambassador; and S. W. Davidson of Austin, Tex. custodian.

FIFTIETH ANNIVERSARY.

Today will mark a half century in the history of Tryon Missionary Baptist Church—All Day Services.

The pastor, Rev. G. A. Foster, and congregation of Tryon Missionary Baptist church have invited the people of surrounding communities and the county generally to join with them today in the celebration of the fiftieth anniversary of the organization of the church with appropriate devotional services. The exercises will include an address of welcome by Pastor Foster at 10 a. m., and preaching by Dr. George B. Butler at 11 a. m. The sermon will follow talks from former pastors and others present. A splendid basket dinner will be served on the grounds, and a song service, followed by devotional exercises led by Rev. J. M. Bullock of this city will conclude the program in the afternoon.

Among the former pastors who will be present is Rev. Thomas S. Allen, now of Jasper, Texas. Rev. Allen arrived in Bryan Tuesday evening and was the guest of Rev. Bullock. He was pastor of Tryon church in the late sixties, and is now 91 years old. He formerly resided near Wheelock, and did a great deal of missionary work throughout this section in an early day.

The follow interesting historical data relative to Tryon church was prepared by the present pastor, Rev. G. A. Foster.

"Tryon church is the oldest Baptist church in Brazos county. It was organized August 1, 1857, and has stood firm and earnestly contended for the faith once delivered to the saints."

"There were only six charter members of the church as follows: J. M. Zimmerman, Mary A. Zim-

merman, J. R. Stewart, Joana Stewart, Peter Keiffer and Joseph Keiffer, all of whom have been gathered to the home of their fathers. The venerable J. M. Zimmerman was the last to go, and it was to his faithful efforts the church was kept alive.

"I give below a list of the names of all the ministers who have ever been pastor of the church, and a special invitation was extended all of them that are living to come and be with us on this occasion. The first pastor of Tryon church was Rev. Thomas Eaton, who served the church for seven years. The others were, Revs. T. A. Menafee, Thos. S. Allen, W. T. Wright, G. W. Green, W. B. Eaves, Geo. L. Jennings, C. B. Hollis, W. H. Head, E. W. Nunnally, S. C. Martin, A. A. Allen, J. M. Isbell, T. G. Page, J. M. Bullock, J. H. Jackson, B. H. Beall and A. T. Farrar."

BRYAN GETS REVENGE.

The Bryan second team sent the Calvert second team to the bad in a good game of base ball yesterday afternoon, and got revenge for a recent defeat at the hands of the Calvertites. The score was 10 to 8 in favor of Bryan. Batteries: Bryan, Ashe and Dawson; Calvert, Moore and Newton.

The feature of the game developed in the eighth inning with D. D. Dawson Jr. in the spot light. The game stood 8 to 5 in favor of Calvert, with three men on bases. Dawson swatted the sphere for a three bagger, brought in all three men and tied the score. By hard playing the visitors were held down and the home boys got in two more runs.

If more of the farmers would make it their business to attend the meetings of the Farmers' Congress at College they would learn to appreciate more fully the things taught and also see the necessity of such meetings. It is just as essential for the farmer to keep abreast of the times as it is for any other business man and there can be no question but what these meetings are very helpful.—Nava-sota Examiner.

RELIGION AND NATIONAL LIFE.

God is the Great Geographer of the earth. It is He who determined the bounds of the nation. It is He who "setteth up one, and putteth down another." History is the hand-writing of God. The rise and fall of nations is according to His decree. Count Leo Tolstoi has predicted recently that the American nation will fall more surely and rapidly than did the Roman Empire. His prediction is probably the result of defective information about the character and internal conditions of our people. A morbid brooding over the sins and wrong doings of our time has swayed his judgment too far.

An indication that tends to discount Tolstoi's prophecy is the growing interest in religious matters among men. Brotherhoods are forming in every denomination. Men are insisting on honesty and integrity in business, and temperance is a requisite for employment with many corporations. There seems to be a keener recognition of the sin of gambling in stocks,—that it is no more to be defended than gambling with cards. All this does not mean that a millennial reign of righteousness will immediately appear, but it presents a hopeful outlook, and indicates that the callousness of public sentiment that preceded the fall of Rome, has not entirely benumbed the sensibilities and seared the conscience of our nation.

But there is enough of danger in the excessive greed for gold, the unmeasured gratification of selfish desire and lust, the mighty martial unrest and the social conditions of our age, to give us reason to pause and cause a national return to righteousness.—Christian Observer.

FARMERS' MEETING A FINE ONE

Major J. B. Taylor and Colonel John Sylvester of Chilton returned from the farmers' congress at College Station and are giving glowing accounts of the meeting. Mr. Sylvester said:

"I have attended several such meetings of the farmers at the station, but there has been none which I enjoyed or from which I received as much profit. The attendance was not as great as in former years, but still it was sufficiently large, there being 736 persons registered. Very little time was taken up in fine speech making and much attention was paid to the demonstration work. The exhibition was splendid and the specimens fine. Taking the meeting on the whole, I consider it one of the most profitable and interesting of its kind ever held in the state."—Marlin Democrat.

The Waco business men have at last awakened to their interest and duty. They have signed an agreement to cut out in the future all fake advertising schemes, such as advertising on programs and booklets. They will spend their money on legitimate newspaper advertising. This will no doubt give Waco a first class newspaper. A town without a newspaper is a poor excuse for a business point and people know these things. There has been enough money spent in Waco on fake advertising schemes that have proven entirely worthless to give Waco a good newspaper and a good name abroad. For this money squandered in the past Waco has received nothing. Hence the cheap faker will receive no more patronage from the business interests.—Georgetown Commercial.

MYSTERY CLEARED.

Rumbach Left His Home Two Weeks Ago.

Pittsburg, July 31.—The suicide of Amos R. Rumbach at Colorado Springs cleared the mystery of his disappearance from his home at Mount Pleasant, Pa., near here, two weeks ago. Rumbach was married and was one of the most prominent citizens of Mount Pleasant. Two weeks ago last Monday he left home without indicating where he was going to his wife or relatives, and until now all efforts to locate him were fruitless. Tuesday his wife, despairing of his return, had her household effects packed and was preparing to leave for the home of her father, A. C. Ruff, at Loudonville, O. As the result of the information from Colorado Springs, however, she has deferred her departure for the present. Charles Rumbach, a brother, has gone to Colorado Springs.

Amos R. Rumbach was a private in Company E of the Tenth Pennsylvania volunteers during the Spanish war. His relatives say they never heard of Laura Matthews or C. E. Coey, mentioned in the Colorado Springs dispatches.

Rumbach Expires.

Colorado Springs, Colo., July 31.—Amos R. Rumbach, who shot himself rather than testify at the inquest over the body of his friend, Miss Laura Matthews, died at St. Francis' hospital.

INDEPENDENCE FACTIONS.

They Appear to Have Been Successful in the Elections.

Manila, July 31.—The independence factions, that united in the campaign under the name of the Nationalists, appear to have won the general election, held throughout the islands. Incomplete returns from fifty out of eighty districts show that thirty-one Nationalists were elected, ten Progressive, eight Independence candidates and one Catholic. In Manila the Nationalists won by a large majority in both districts. Dominador Domex claims the election in the First district of the city, while Justo Lakban contests the election of both Independence candidates. It probably will be ten days or two weeks before the complete returns are received.

NO DISCRIMINATION.

Five Japanese Chambers of Commerce Write to Seattle.

Seattle, July 31.—Alleging the legitimate rights of the Japanese people have been trampled upon in certain portions of this country and their property has been attacked and treaty rights disregarded even to the extent of the lives of Japanese subjects having been in danger, the five Chambers of Commerce in Japan have written letters to the Seattle Chamber of Commerce asking that an effort be made to prevent discrimination against their countrymen in the United States. The protest points out that such treatment will eventually lead to a breach in the commercial relations of the two countries.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers." Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

 Knoxville, July 31.—An unknown man, supposed to be S. P. Long of Plaquemine, La., committed suicide in Bohannon & Co.'s gunsmith shop in this city Tuesday. The man entered the store and asked to see a pistol, stating he wished to make a purchase for a friend. Several weapons were shown him. He selected one, deliberately placed a cartridge in a chamber, walked to the door and fired into the left temple. He died almost instantly. In the pocket was a note reading: "You will excuse my suicide in your house. Suicide is not murder. Why not execution?" S. P. LONG.
 This note is accepted as evidence of deliberately planned self destruction. Examination of effects and papers on the man's person induced the opinion that he was in financial distress.

KIRKMAN CASE.
Second Rebuff In Effort of Ex-Captain to Secure Release.
 Topeka, July 31.—Judge Seth McPherson of the United States court for writ of habeas corpus made by for the Southern district filed an opinion here with the clerk of the Federal court denying the application for writ of habeas corpus made by George K. Kirkman, ex-captain of the United States army, now serving three years in Federal prison at Leavenworth. The decision bears on matter of time off allowed military prisoners for good behavior. This is Kirkman's second rebuff in his effort to secure his release.
 Kirkman claimed that considering time off for good behavior his time was up. Warden McClaughrey contends that October 5, 1907, will be the time for his release. Judge McPherson, in his opinion discharged Kirkman's writ and remanded the prisoner to the warden.

ANOTHER NAVAL STATION.
Probable It May Be Located on the Pacific Coast.
 Washington, July 31.—It is probable that another naval station will be created on the Pacific coast as the result of the forthcoming visit there of Admiral Capps, chief naval contractor, and Admiral Cowles, chief of the equipment bureau. The former left Washington for New York, where he will be joined by Admiral Capps, and the two journey together to the Pacific coast under special orders from the navy department and make a thorough inspection of the yards and stations on the coast and report upon the future needs of a navy in that quarter. Indications point to San Diego as most likely to be selected.

JAPANESE COOLIES.
Matter of Their Coming in Taken Up With Mexico.
 Washington, July 31.—The state department has taken up with Mexico the subject of immigration of Japanese coolies into the United States across the Mexican border. The practice of thus bringing in this undesirable and forbidden element has assumed alarming proportions, and the inspectors of the immigration service are being taxed beyond their abilities to discover and turn back such Japanese. The basis for the representation of the state department or rather, a precedent for it, was found in the representations made by the state department to the Canadian government when Chinese coolies were swarming across the border of British Columbia, in violation of our exclusion laws. On that occasion the Canadian government enacted laws imposing a heavy tax on Chinese entering that country, which did not mitigate the trouble, and it is believed that Mexico will pursue a similar course.

PLANS OF KATY.
Fort Worth and Dallas Are to Be Freight Divisions.

Dallas, July 31.—The Katy railway has selected both Fort Worth and this city as new freight division points. This is made necessary by recent legislative enactments. PROHIBITION PREVILS.

By Overwhelming Vote Adopted by Georgia House.

Atlanta, July 31.—The Hardman-Covington prohibition bill, passed by the Georgia senate some days ago, was adopted by the house by a vote of 139 to 39. Two amendments added to the bill by the house will necessitate the bill going back to the senate for concurrence, of which there is no doubt, and the bill will then go to Governor Hoke Smith for his signature, which has been practically pledged, and prohibition will become a law in Georgia.

The amendments permit the sale of pure alcohol by retail druggists on the prescription of a reputable physician and also allow wholesale druggists to carry alcohol in stock for sale to retailers only.

The bill prohibits the manufacture or keeping on hand in any place of business the sale or giving away to induce business within the state of any liquor that may produce intoxication. The new law is to become effective Jan. 1, 1909.

After the first fight on the bill last week, in which the opponents of the measure showed their ability to act from its third reading, and which culminated in a personal encounter on the floor of the house between two members at the end of a fourteen-hour session, an agreement was reached making the bill a special order for Tuesday, with the provision that a vote should be taken at 4 o'clock. This programme was carried out. Twenty-one amendments were offered, thirteen of them by the prohibitionists. The anti-prohibitionists made their hardest fight to secure the adoption of an amendment to postpone until Jan. 1, 1909, the date when the bill should become effective. This was lost—128 to 49. The bill, as amended, was put on the final vote at 6:45, which was completed forty-five minutes later, a few members taking the opportunity to explain their votes.

ROBBINS OPPOSED.
Does Not Favor the Amendment For State Printing Office.

Austin, July 31.—Former State Treasurer Robbins came out in an interview in which he declares himself to be decidedly opposed to the proposed constitutional amendment to be voted on Aug. 6, creating a state printing office. Mr. Robbins says it is not Democratic and not along the lines of economy.

After the ceremony the couple left the train and spent the night here.

ANOTHER CLASH.

This Time a Couple of the Feudists Bit the Dust.

Whitesburg, Ky., July 31.—In a battle between the Fitzpatrick and Coeburn feudists, at Beaver Creek, Floyd county, Holbert, a member of the Coeburn faction, and John M. Fitzpatrick, a member of the Fitzpatricks and reputed leader, was killed. Wilson Barnett, a Fitzpatrick sympathizer, was desperately wounded. The feud started three weeks ago by the assassination of Andy Coeburn in the courthouse at Whitesburg. Since that time three clashes have occurred.

Fatally Shot Wife and Posse Tracked Him Where He Lost Life.

Westchester, Pa., July 30.—George Thomas, a negro, who shot his wife here Sunday and then fled, was traced to a barn near here Monday night. Thomas refused to surrender and shots were exchanged. At daylight Tuesday morning Thomas was found dead in a hay mow with a bullet hole in his temple. S. H. FRANKLIN

THERE is no fairer country or more delightful climate on earth than that of Colorado during the heated term.

Hundreds of places of interest to the sight-seer engage his attention and interest him, while at the same time he is fanned by cooling breezes, rich in life-giving ozone, fresh from the realms of perpetual snow.

The entire State is a mass of picturesque scenery, affording an endless delight to those who are interested in the sublime vagaries of Nature, for in Colorado Nature seems to have exhausted herself in the production of the sublime and beautiful.

The lofty peaks of the famed Rockies, forming the "Continental Divide," tower skyward and stretch away, snow-capped, in the wondrous vista.

ON every side there is something to interest and inspire the beholder; the richest gold-producing mines on earth are there, and a visit to them will never be forgotten.

In addition to such renowned resorts as Colorado Springs, Boulder, Glenwood Springs, Denver, etc. Colorado has innumerable other points of equal interest and attraction, each affording distinctive features of its own, and each, alone, being worth far more than the cost of transportation to the state to see.

Visit Colorado now, "the land of gold," "the land of health" and the land of glorious scenery.

Hotels are legion, and the vacationist can always find accommodation at a price to suit his pocket book.

The principal points of interest are quickly and conveniently reached via "The Denver Road," the great thoroughfare to "Cool Colorado."
